

**National Center for Environmental Assessment
Weekly Report for August 30th, 2017**

30 Day Outlook for Presentations and External Meetings

| Start Date | End Date | Scientist | Event | Location | Topic |
|------------|----------|-------------------------------------|---|-----------------|---|
| 9- Sep | 13- Sep | Michelle Angrish and Margaret Pratt | Environmental Mutagenesis & Genomics Society (EMGS) 48th Annual Meeting | Raleigh, NC | Michelle Angrish was selected to give a “flash talk” on her abstract, entitled “Epigenetic Applications in Adverse Outcome Pathways and Chemical Risk Evaluation,” during the 2017 EMGS Annual Meeting in Raleigh, NC. This is an extremely short presentation (2 minutes) that is meant to capture the attention of the audience so that they come to see your poster for details. This work falls under HHRA Topic 2, Task 3.3 (2.213). Margaret Pratt is on the 2018 program committee, co-chair of the Molecular Epidemiology Specialty Group meeting and will participate in the EMGS organizational meetings. |
| 19- Sep | 19- Sep | Ellen Kirrane | A career seminar at the University of North Carolina, “Epidemiology professions: What are the options?” | Chapel hill, NC | Ellen Kirrane was invited to serve as a panelist for a career seminar at the University of North Carolina, “Epidemiology professions: What are the options?” on September 19, 2017. This panel of epidemiologists will share insight into their current positions and the path taken to get there as well as answer student questions. |
